## Parental Involvement Budget Survey September 18, 2017

Dear Parents,

We value your input! As a parent of a child who receives Title I services in our school, you have the right to give input about how the school district budgets and spends its Title I Parental Involvement money. Over the last few weeks, our school held various meetings with parents to revise our school's parental involvement policy for next school year. We hope you had the chance to participate in one of these meetings. In the meetings, we discussed the following:

1. Parents stated that they like having a parent liaison who provides parent engagement opportunities at the school.
2. Parents asked for more resources on how to help their child at home.
3. Parents would like to have a workshop on helping their child with math.
4. Parents would like to have a workshop on helping their child with reading.

Last year, we had \$2,504 and we spent the money this way:

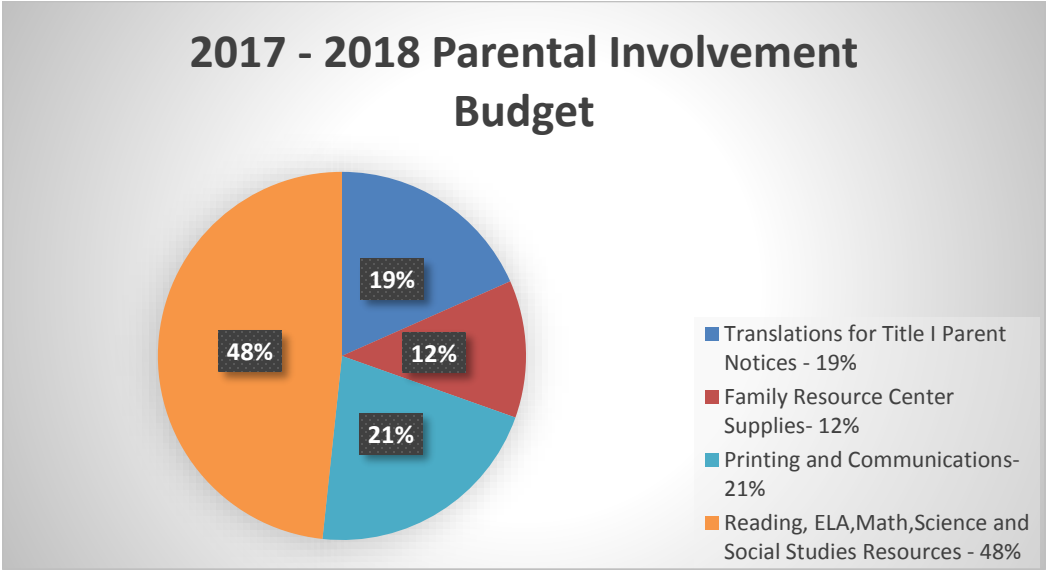

#### Vision

The vision of Clayton County Public Schools is to be a district of excellence preparing ALL students to live and compete successfully in a global society

#### Mission Statement

The mission of Clayton County Public Schools is to be accountable to all stakeholders for providing a globally competitive education that empowers students to achieve academic and personal goals and to become college and career ready, productive, responsible citizens.

This year, we have \$2,524 in the Title I Parental Involvement budget. Parents have requested to have more workshops and resources to take home for their children. We would like to use the money towards resources for the workshops. We would like to spend the Title I Parental Involvement budget this way:

Do you agree with how we have budgeted parental involvement funds for this school year?

- Yes
- No

If no, why not? \_\_\_\_\_

Do you have any other suggestions for the use of funds? These will be taken into consideration for this school year and future school years.
